|----------|-----------------|-----------|--------|
| Thursday | 8 th | September | 7-10pm |
|----------|-----------------|-----------|--------|

Tutor : Janet Murray

The courses we have already ran have been very well attended and we appreciate your support and wish everyone a successful season implementing them. We are still here to support you though so please ask if you have any queries.

Information on umpiring courses and assessments for 2016/2017 will be released by the end of September

Competition

Regional fixtures and County dates will be out ASAP - we want to ensure we get a balanced calendar. Following the GMJCCCL tournament on the 11th September fixtures will be issued ready for an October season start. Remember all your officials will need to have attended a New Rules Forum to be able to assist you this season

Performance

Saturday 10th September is the first date for GMCNA trials - forms will be issued to clarify details towards the end of August. Those successful on this date will be required to attend a final trial on Sunday 25th September.

Performance is changing - we will inform you as soon as we have clear direction from EN!

Communications & Marketing Officer

Are you interested in getting involved within the County? We are currently looking for a volunteer to come on board as a Communications & Marketing Officer to help promote the successes of netball in our County and to help us communicate better with our members. This may suit someone studying in this field

For any further information on any of the above
please email
